

When I become a member of the Pima Council on Aging...

...I show support for older adults in my community who need assistance and may have no other place to turn

...I give my contribution knowing that it is essential because government and private funds for elder services do not meet the needs

...I acknowledge that aging presents changes and challenges, and information for making informed decisions must be available for older persons and their families

We can't do it without you!

Your annual membership contribution is an integral part of our ability to help — when you, a parent, friend or neighbor is concerned about a basic daily need, planning for the future, or facing an immediate crisis. Presently, waiting lists exist for some services and we anticipate that more will occur as the older population continues to grow more rapidly than any other group.

Your money is used to support our programs and services.

But we will provide you with a membership card; subscription to our monthly publication “*Never Too Late*”; a copy of “I Have Put My House In Order”, pre-event invitations to meetings, seminars and special events, and the opportunity to join the PCOA *Advantage Membership program.

Thank you for joining the Pima Council on Aging.
