NO CHARGE – REGISTRATION NOT NECESSARY

Born and raised in Tucson, John Foley has been in the Medical/SMI field since 1990. During that time Mr. Foley discovered his love for comedy and performed at Laff's Comedy Tucson, The Improve in Santa Monica, The Comedy Store Los Angeles, and Dangerfield's in New York. Mr. Foley also debuted on 93.7 KROQ's Morning show with Lucas and Betsy in the morning. One afternoon while attending a function in Tucson, a woman came up and said she had heard Mr. Foley on the radio. She said she had never laughed so hard and from that day forward, she listened every day because she said it made her feel better. Mr. Foley quickly realized that the gift of humor combined with his love for the health care industry seemed to be a perfect match. Mr. Foley continues to work in the healthcare industry, and has taught other staff how to engage patients and clients with humor as a healing source.
