

SOUTHERN CHAPTER OF THE ARIZONA FALLS PREVENTION COALITION

The Southern Chapter of the Arizona Falls Prevention Coalition (SAFPC) is a respected local partnership of community organizations, an integral part of the Healthy Pima initiative and the statewide Arizona Falls Prevention Coalition, which has actively worked to reduce the growing number of falls and fall-related injuries among older people in Southern Arizona since 2015.

By joining us, you can support the SAFPC as it continues to mobilize to improve awareness of fall risk factors, prevention strategies and community resources among older people through education, community events and promoting effective interventions. The Coalition is building an infrastructure to coordinate referrals among community partners and improve access to fall prevention resources and interventions.

We invite representatives from community organizations and businesses along with interested community members to join us at our monthly meetings!

**TOGETHER WE WILL HELP
PEOPLE REMAIN
INDEPENDENT AND STAY
STRONG AND HEALTHY!**

**WE NEED YOUR
ASSISTANCE & SUPPORT
TO CREATE A FALLS-FREE
SOUTHERN ARIZONA.**
